New Brands Added To Our Product Lines

We are constantly adding new brands to our inventory selection. Listed below are the latest additions.

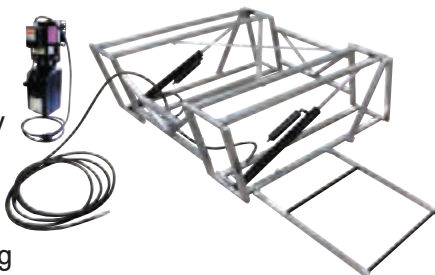

Aluminum Frame Race Car Lift

ALL11272 Call for Pricing!

Portable lift collapses to a low 3" profile and raises up to 17". Weighing only 68 lbs., lift is easily positioned under race car to raise off the ground simplifying tire changes and chassis tuning. Sturdy 1/8" wall 6061-T6 aluminum lift is tig-welded and supports up to 2,400 Lbs. Complete system includes a 110V AC 3/4HP hydraulic pump with cord and plug, hydraulic cylinders with down assist canisters, 1" bolt on risers for cars with raised frame rails, safety struts to lock raised lift in place, assist handle and 20' of hydraulic quick connect hose to attach pump to lift. The pump provides power up/ gravity down operation and can be mounted either horizontally or vertically, typically mounted to trailer or a hand cart. A push-button on the motor starts the unit to raise lift. To lower, a manually operated release valve is used for finger-tip control of lowering speed. Pump is compatible with hydraulic fluid, ATF, 10W30 or 10W40 oil (not included). Assembly is required, all hardware included.

37 Degree Flaring Tool

ALL11016 \$108.99 Each

This -AN fitting flare tool is essential when working with 37 degree flared fittings. Tool for use with soft copper, aluminum and brass tubing will precisely flare from -3AN to -10AN and 3/16" to 5/8".

Quick Turn Fastener Mounting Brackets With Spring

Brackets are .0625" thick.

Part No.	Description	Price
ALL19365	Weld-On, Lightweight Bracket With 1" Spring, 10-Pack	\$17.99
ALL19367	Weld-On, Lightweight Bracket With 1" Spring, 50-Pack	\$79.99
ALL19361	Weld-On, Lightweight Bracket With 1-3/8" Spring, 10-Pack	\$17.99
ALL19363	Weld-On, Lightweight Bracket With 1-3/8" Spring, 50-Pack	\$79.99

Spark Plug Index Shims

ALL96505 \$22.99 Pack

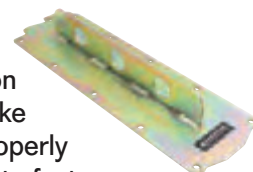

Stackable shims index spark plugs at 30° intervals up to 360° properly positioning ground strap in cylinder head for increased power and clearance between spark plug and piston. Shims are intended for use with 14mm flat seat spark plugs only. Package of 24 shims contains 12 silver 60°, 12 black 90°, detailed instructions and dial chart.

LS Gen IV GM Engine Lift Plate

ALL10143 \$60.99 Each

Plate is designed specifically for lifting LS Gen IV engines. Installation of plate requires removal of the intake manifold and valley cover tray to properly secure lift plate to engine block. Plate features three lifting points for various chain positioning which allows engine weight to be balanced or offset. An offset position is especially helpful when angling an engine (with transmission attached) in or out of a vehicle. Constructed of 3/16" thick zinc plated steel.

SB Chevy Header Gaskets

Durable reinforced steel core and graphite composite gaskets remain soft and pliable to conform to header and head surfaces providing an excellent, long lasting seal. Sold each.

Part No.	Description	Price
ALL87260	1-5/8" Square Port (Stock)	\$6.49
ALL87262	1-3/4" D-Port (Standard)	\$6.79
ALL87264	Spread Port (Staggered Bolt Pattern)	\$8.99
ALL87266	Crate Engines (Non LS / Fast Burn)	\$6.69
ALL87268	LS Series Engines (Excluding LS7)	\$10.69

Low Drag Rear Hub Seal 5x5

ALL72123 \$26.99 Each

Hub seal keeps grease in the hubs and on the wheel bearings with less resistance than standard lip seals. Fits AFCO and Winters hubs with 2-1/2" I.D. bearings.

*Reservoir can only be mounted to these pumps

Copper Plate Coating Kit

SHECK100 \$19.99 Each

Dupli-Color copper plate coating is a two-can system that creates a deep copper effect over high quality polished metal or true chrome surfaces on cars, trucks, and motorcycles. System includes a translucent copper base coat and a clear top coat that adds gloss, depth, and protection from elements. Resists brake dust, road abrasion, chipping, and fading.

Wheel Coating

Customize or dress up wheel surfaces with Dupli-Color wheel coating. Restores original wheel appearance, resists cracking, flaking, and peeling. Protects against chemicals, brake dust, heat and chipping. Features a highly reflective metallic finish with superior adhesion to steel, aluminum, and plastic wheels and wheel coverings. Sold individually in 11 oz. cans.

Max-Clean Fuel System Treatment

Max-clean is the state-of-the-art fuel system treatment that cleans injectors, restores fuel economy and reduces both engine build-up and tailpipe emissions. Cleans the combustion chamber, valves and the entire spectrum of engines including gasoline and diesel, naturally aspirated, turbo-charged or supercharged. Improves fuel economy an average of 3.2 percent, and increased horsepower an average of 2.6 percent. Reduces hydrocarbon, NOx and CO emissions.

Part No.	Description
ROY11722	Max-Clean Fuel System Treatment, 20 Oz. Can
ROY11723	Max-Clean Fuel System Treatment, 6x20 Oz. Can, Case

Billet Aluminum Tremec Shifter Levers

Direct bolt-on billet aluminum shifter levers will fit the Tremec T5, T45, T56 and TKO manual transmissions with the standard 2-bolt flange. The attractive window style lightens the levers and complements other Lokar products. Features include a special machined groove for Lokar shift boot attachment, machined 3/8"-16 thread for shift knob and a 2-bolt mounting flange to fit most factory and aftermarket shifters. Available in Brushed and Midnight Black Series.

DEMON
CARBURETION

750 CFM Street Demon Carb

Street Demon delivers a stable idle, crisp throttle response and smooth acceleration due to its small, 1-11/16" primary throttle bores. Triple stack boosters deliver superior idle and the Goggle Valve Secondary throttle plate provides over twice the air flow of the primary bores for superior high end performance. 2-stage metering rods and four optional vacuum step-up springs dial-in the secondary air valve control for a complete fuel adjustment. Smooth, polished aluminum top has a single fuel inlet. The integrated main/bowl design with gasket above fuel level, eliminates potential fuel leaks. Carb is equipped with an electric choke and Ford A/T kick-down lever.

SCORPION
RACING PRODUCTS

SB Chevy Endurance Series Shaft Rocker Arm Kit

Scorpion Endurance Series Shaft Mount Rocker Arms are built for circle track, dirt track, drag racing, and off-shore powerboat racing engines. Features include .562" centerless ground ASTM certified steel shafts, .520" centerless ground rollers and 4140 heat treated steel stands, 120 gram 7000 series aluminum fully radiused rocker arm bodies clear 1.650" springs. Fully assembled with .625" adjuster engagement and .260" underside bearing strap. Features anodized finish and black oxide coated steel parts for maximum corrosion protection.

Part No.	Description	Price
SPN3500	SB Chevy Shaft Rocker Arm Kit, 1.5/1.5 Ratio	1129.99
SPN3502	SB Chevy Shaft Rocker Arm Kit, 1.6/1.6 Ratio	1129.99
SPN3508	SB Chevy Shaft Rocker Arm Kit, 1.6/1.5 Ratio	1129.99

SB Chevy Single Plane 23° Intake Manifold

The RHS aluminum intake manifold is engineered to match fit RHS 23 degree SB Chevy cylinder heads. Bolt pattern fits SBC originals, Vortec GM heads, and late model perimeter corner vertical bolt style crate engines. Strong torque curve throughout the mid-rpm range. For applications up to 434 c.i.d. Features auxiliary water ports, integral water crossover, dual sided distributor mounting points, and female pipe threads at all corners.

Part No.	Description	Price
RHS12902	SBC Single Plane 23 Degree Intake Manifold, Square Flange	\$374.99
RHS12903	SBC EFI Single Plane 23 Degree Intake Manifold, Square Flange	\$507.99

Selecta-Speed Wiper Kit

Replace the original wiper motor with a new DSE modern 7-speed unit with delay and speed control. Wiper kit includes a low-profile 7-speed wiper motor with 5 delays, low speed, and high speed, rotary switch, adapter plate, and wiring harness.

Part No.	Description	Price
DSE121620	Selecta-Speed Wiper Kit '63-67 Corvette	\$462.99
DSE121650	Selecta-Speed Wiper Kit '64.5-66 Mustang	\$432.99

'63-67 Corvette Electric Headlight Door Kit

DSE122005 \$677.99 Each

Replace the stock electric actuated system on a '63-67 Corvette with DSE's electric motor actuator kit that operates headlight doors more reliably and smoother. Headlight door kit includes two electric actuators, control module, wiring harness, mounting brackets, and hardware.

SB Ford 215cc Iron Eagle Cylinder Heads

New Iron Eagle heads for small block Fords are a true bolt-on performance upgrade for 289/302/351 engines. Features; 215cc intake runners, streamlined valve guide bosses for improved air flow and 2.02"/1.60" valves. 58cc or 62cc combustion chambers reshaped to improve efficiency for increased horsepower. Available in bare or assembled and are sold individually.

Maximizer 4 Progressive Nitrous Controller NXS15957 **Call for Price**

Operates one or two separate stages of nitrous based on time, RPM, MPH, throttle percentage or boost pressure. The Maximizer 4 is the professional racer's choice for use on naturally aspirated, forced air, gasoline or diesel type nitrous systems. The Maximizer 4 monitors the engine's Air/Fuel ratio using a wideband O2 module that automatically adjusts the fuel and nitrous solenoids to achieve the targeted ratio when the bottle pressure drops toward the end of the run. Provides a more consistent and safe AFR.

Custom Switch Panels

NX switch panels offer a clean and attractive solution for nitrous operation in the driver's compartment. Includes laser engraved switch nameplates for Nitrous, Stage 2 nitrous, bottle heater, bottle opener, purge, electric fans, water methanol, fuel pump, accessory, go-baby-go, and ejector seat.

Ford 5.0 Coyote Plate System

NXS20948-10 **Call for Price**

The NX 5.0L Coyote plate system features the phase 3 spraybarless technology billet plate with integrated solenoids that bolts between the throttle body and intake manifold. Kit has jetting for 35, 50, 75, 100, 125 and 150 horsepower, TPS Autolearn switch activates and turns off when lifting off the throttle. Also includes extra-long braided stainless feed line, master arming switch, relay and wiring harness, and all installation hardware. Fits '11-13 Ford GT Mustangs with 5.0L 4-valve Coyote engine

GM LS 4-Bolt Plate System

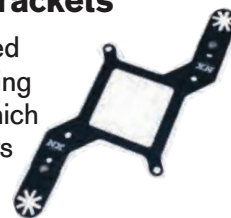

The NX LS plate system features a billet plate that installs between the throttle body and intake manifold. Kit has jetting for 50, 100, 150, 200, 250, 300, 350 and 400 horsepower. Includes propower lighting solenoids, 10 lb. bottle with billet aluminum lightning 45 bottle valve, 6AN feed line, braided plate lines, stainless bottle brackets, master arming switch, WOT switch and all installation hardware.

Carburetor Plate Solenoid Brackets

These billet aluminum black anodized brackets provide an adjustable mounting point for nitrous and fuel solenoids which can be swiveled. The main plate allows the perfect alignment position. The 4-hole dominator plate acts as a safety linkage plate.

Part No.	Description	Price
NXS15728	4150 Square Flange	Call
NXS15729	4500 Dominator Flange	Call

Late Model Fuel Pump without Bypass

WAT250300 **\$720.99 Each**

Late Model 300 Fuel Pump without bypass check valve is machined from forged aluminum and fitted with machined steel shafts and precision lapped gears for high rpm clockwise or counter clockwise rotation. A swivel mounting flange allows easy pump rotation and alignment of hose connections of -10AN inlet and outlet ports.

GM COPO Camaro 2-5/8" Gauges

Officially GM licensed COPO Camaro gauges feature back-lit LED lighting, illuminated red pointer and a brightly lit Chevrolet gold and silver Bowtie, trimmed in a dark gray Auto Meter Style bezel. Precision full sweep electric gauges are powered by digital stepper motor drives and motorsports sensors found in today's NASCAR cars.

Part No.	Description	Price
ATM880444	COPO Camaro Voltmeter Gauge	65.99
ATM880446	COPO Camaro Water Temperature Gauge	179.99
ATM880447	COPO Camaro Oil Pressure Gauge	265.99
ATM880448	COPO Camaro Transmission Oil Temperature Gauge	179.99
ATM880449	COCO Camaro Fuel Pressure Gauge	265.99
ATM880450	COPO Camaro Brake Pressure Gauge	265.99

GM COPO 5" Shift-Lite Memory Tachometer

ATM880445 \$297.99 Each

Officially GM licensed COPO Camaro 5" Shift-Lite tachometer features a digital stepper motor that swings from 0-10000 RPM in just 333 milliseconds, ensuring instant, accurate response to changes in engine RPM. Features adjustable shift-lite with memory recall.

GT Series 2-1/16" Gauges

The new GT series 2-1/16" diameter gauges have new timeless style dial with carbon fiber construction and LED illumination through the dial. Black anodized bezel presents a stealth look.

Part No.	Description	Price
ATM8021	GT Series Oil Pressure, Mechanical Full Sweep	89.99
ATM8055	GT Series Water Temperature, Electrical Full Sweep	187.99
ATM8049	GT Series Trans Temp Gauge, Electrical Short Sweep	89.99

Plastic Shock Cover Small Body

TXRSH0001 \$9.99 Each

Strong plastic cover snaps on tight without having to attach with zip ties. They will not move once in place and require no tools to install. Measurement: 11" x 1-3/8" static dia. Weighs 2.75 oz, Sold Individually.

XStack Bell Vador Clear Tear offs

ROP10211C \$34.99 Each

The clear XStack Bell Vador tearoffs are 2 mil thick and provide distortion free vision. Each XStack contains 3 stacks of 10 tearoffs for a total of 30.

5.0L 4V Cobra Jet Intake Manifold

FRDM9424-M50CJ \$1094.99 Ea.

The 5.0L Cobra Jet intake manifold is designed after the originally equipped intake on the 2013 Cobra Jet Race Car. Fits 2011-13 Mustang GT 5.0L Ti-VCT engines with intake runners tuned for 7750 RPM peak power. Constructed from a lightweight composite material that is very durable. Requires the use of a GT500 or Cobra Jet throttle bodies. Not compatible with Boss 302 strut tower brace. O-Ring intake gaskets included.

4.6L 3V Camshaft Drive Kit

FRDM6004-463V \$394.99 Kit

Ford Racing kit includes camshaft sprockets, spacers, bolts and washers, crankshaft sprocket, crank position trigger wheel, primary timing chains, tensioners, guides, tensioner arms, gaskets, and front seal.

2013 Mustang Brake Duct Kit

FRDM2004-MBA \$574.99 Kit

Fits 2013 Mustang Boss 302 and Mustang with Brembo® brake upgrade. Kit includes powder coated backing plates, fascia ducts with custom fabricated brake duct hose brackets, brake duct hose, mounting hardware and installation instructions.

Brake Cooling Shields '05-13 Mustang

FRDM20045-MSVT \$61.99 Set

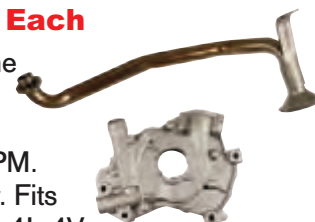

These Ford Racing SVT brake cooling shields protect the tie rod ends while improving heat dissipation from the front brakes. Original equipment on the Shelby GT500, Ford Racing's brake cooling shields replace the factory dust shields.

4.6L/5.4L High Volume Oil Pump with Pickup

FRDM6600-F46 \$132.99 Each

This Ford Racing high volume oil pump assembly is built with a thick steel backing plate to reduce pump flex at high RPM. Includes pickup tube assembly. Fits 2005-10 4.6L 3V, 2007-12 5.4L 4V, 2013 5.8L 4V Mustang and Shelby engines.

85mm 5.0L Throttle Body Assembly

FRDM9926-M50845 Call for Price

This highly polished 84.5mm billet aluminum throttle body fits 2011-13 Mustang GT, 2012-13 Boss 302 with stock 80mm throttle body applications. 4" diameter leading edge requires use of a 4" ID silicone hose adapter or reducer when using the stock 3.5" diameter intake tube. Factory sensors installed. Calibration required.

Carb Defender

The use of Ethanol in modern pump fuel increases the risk of carburetor fuel system corrosion. Ethanol is hygroscopic, so it absorbs moisture. This moisture causes corrosion in both the fuel system and inside the engine and Ethanol by itself is corrosive to components like carburetors. These problems are compounded by long term vehicle storage. Carb Defender utilizes special corrosion inhibitors to prevent costly repairs and poor performance caused by Ethanol blended gasoline and the moisture it attracts. One 4.5 oz. bottle treats 25 gallons of gasoline.

Part No.	Description
JGP70040	Carb Defender, 4.5 oz. Bottle
JGP70041	Carb. Defender, Case of six 4.5 oz. Bottles

CP Bullet Pistons

CP Bullet series forged aluminum pistons are an affordably priced, high quality piston with computer designed forgings, made from 2618 alloy material. CP Bullet pistons feature dual forced pin oilers, contact retention grooves, accumulator groove, forged side relief, balance to 1 gram and chrome moly wrist pins with wire locks. Sold in sets of 8 and includes a 1.5 x 1.5 x 3.0mm hi-performance ring set.

New Vendor!

MaxPro Reverse Brake Bleeder System

PHS2002-B \$379.99 Each

MaxPro reverse professional brake bleeder system bleeds brakes in 10-minutes or less – even if it's a tough ABS job. The Phoenix MaxPro reverse brake bleeder kit is a revolutionary tool based on an incredibly obvious concept, air wants to go up. Traditional tools fight this principle. The MaxPro brake bleeder pushes the air up – and out! Phoenix reverse bleeding is patented and approved by GM, Raybestos, Bendix, and the U.S. Military. Complete with instructional DVD and user's manual.

V12 Reverse Brake and Clutch Bleeder

PHS2003-B \$174.99 Each

The V12 is the best and fastest way to bleed hydraulic systems, even on motorcycles. The V12 is a light duty professional reverse brake bleeder is capable of performing 4 bleeding methods to force the air out of high-end brake systems and clutch assemblies. Complete with instructional DVD and users manual.

BrakeStrip Brake Fluid Test Kits

The BrakeStrip is a 60-second test that identifies serious brake system problems before they occur – ensuring brake safety and maximizing brake job profits. Successful shops use the BrakeStrip system to help achieve customer satisfaction that the brake fluid in their vehicle is maintained properly. The new brake fluid test kit includes; (1) Tube of BrakeStrip 100 quantity, and 100 customer test results cards.

Part No.	Description	Price

Circle Track Fuel Cells

RCI fuel cells are manufactured with a cross-linked high strength polyethylene bladder in a bright red steel container. Features include -8AN (standard) or -10AN male pickup assembly hose designed to pick up from right rear corner and -8AN male rollover vent. All circle track cells have a flapper on the lid assembly unless noted.

Part No.	Description	Price
RCI1082C	8 Gallon Circle Track Cell, Red Steel Can, 19Lx19Wx8H	\$204.99
RCI1162C	16 Gallon Circle Track Cell, Red Steel Can, 25Lx19Wx11H	\$234.99
RCI1162G*	16 Gallon Circle Track Cell, -10AN Pickup, Red Steel Can, 25Lx19Wx11H	\$254.99
RCI1162GD*	16 Gallon Circle Track Cell, -10AN Pickup, Black Steel Can, 25Lx19Wx11H	\$282.99
RCI1122C	12 Gallon Circle Track Cell, Red Steel Can, 19Lx19Wx11H	\$219.99
RCI1222C	22 Gallon Circle Track Cell, Red Steel Can, 26Lx18Wx15H	\$244.99

*Uses RCI7032B Fill Plate with -10AN pickup, -8AN return and -8AN vent.

Circle Track Fuel Cell Filler Plate Assembly

Circle track oval fuel cell cap 16-bolt cap assembly comes with -8AN or -10AN male pickup, -8AN rollover vent check valve, and fill cap.

Part No.	Description	Price
RCI7032A	Oval Fill Plate Assembly, -8AN Pickup, -8AN Vent	\$114.99
RCI7032B	Oval Fill Plate Assembly, -10AN Pickup, -8AN Return, -8AN Vent	\$114.99
RCI7032C	Replacement Fill Cap	\$29.99

Fuel Cell Foam

RCI7050A \$13.99 Each

Foam prevents fuel sloshing under acceleration, deceleration and cornering, keeping the fuel by the fuel pickup. Each piece measures 16"L x 6"W x 3"H. Sold individually.

1-Gallon Drag Race Aluminum Fuel Cell

RCI2010A \$121.99 Each

Tig welded cell, made of 5051 aluminum, has a 12-bolt heavy duty, aircraft style flush mount cap assembly. Cell has -8AN male fittings, pickup, one return, rollover vent and safety foam. Finish is natural aluminum with welded mounting tabs. Cell measurements: 7"L x 6" W x 8"H

Aluminum Fuel Cells

Natural finish, aluminum cell is TIG welded for strength and uses a 12-bolt, heavy duty fill cap assembly. Features include -8AN male fittings, dual pickups, return and rollover vents, and a 0-90 Ohm sending unit. A mounting kit is available separately and includes steel straps and installation hardware.

High-Back Poly Racing Seat

Poly high-back racing seat is built tough with double wall construction and is rotationally molded with high density polyethylene plastic. Features include 18 degree layback, three cutouts for all styles of shoulder restraints, two lap belt cutouts, and includes bolt-on aluminum seat mounts. Measures 20.5" hip width, 33" high. Weighs 10 lbs. Matching black vinyl seat cover with thick foam padding for durable driver comfort is also available.

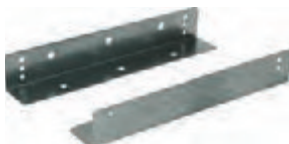

Part No.	Description	Price
RCI8000S	High-Back Poly Racing Seat w/Fixed Seat Mounts, Black	\$59.99
RCI8001S	High-Back Black Vinyl Padded Seat Cover	\$54.99

Fixed Mount Seat Brackets

RCI7450A \$32.99 Pair

Brackets are fabricated from stamped steel with multiple adjustment and seat mounting holes to securely mount an RCI poly seat in any vehicle. Painted black for corrosion resistance. Pair.

NEW PRODUCT

Lo-Back Poly Racing Seat

Lo-back seat gives support and comfort. Built with a double wall, rotationally molded high density polyethylene plastic. Features three cutouts for all styles of shoulder restraints, two lap belt cutouts, and flush mount threaded seat mounts. Measures 20.5" hip width, 25.5" high, and 27" deep. Weighs 9 lbs. Matching black vinyl seat cover with thick foam padding for durable driver comfort is also available.

Part No.	Description	Price
RCI8020S	Lo-Back Poly Racing Seat, Black	\$62.99
RCI8021S	Lo-Back Black Vinyl Padded Seat Cover	\$55.99

Sliding Seat Adjuster

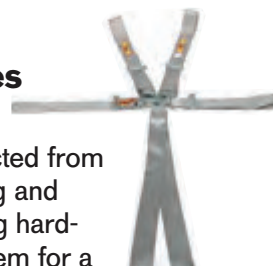

RCI7451A \$45.99 Pair

Bolt-on to RCI7450A fixed mount seat brackets and have up to 8" of seat travel adjustment. Lever operates both tracks for a secure, fast adjustment.

Platinum Series Harnesses

Platinum series 4-year SFI driver restraint harness is constructed from high strength 3" polyester webbing and features high quality alloy mounting hardware, and universal 5-6 point system for a fully-adjustable occupant fit. Link and latch aircraft style or cam-lock quick release buckles are available. 4-Year SFI 16.1 certification.

Part No.	Description	Price
RCI9210PL	Platinum 5-6 Point Pull-Down, Dual Wrap Around or Bolt-In, Latch	\$79.99
RCI9210CPL	Platinum 5-6 Point Pull-Down, Dual Wrap Around or Bolt-In, Cam Lock	\$169.99
RCI9211PL	Platinum 5-6 Point Pull Down, V-Type Single Bolt In Shoulder, Latch	\$79.99
RCI9211CPL	Platinum 5-6 Point Pull Down, V-Type Single Bolt In Shoulder, Cam Lock	\$169.99

Junior 5-Point Harness

RCI9410D \$85.99 Each

Junior 5-point racing harness is constructed from 2" webbing and has high quality mounting hardware for bolt-in mount. Features link and latch aircraft style buckle, and pull-down tighten adjustment. SFI 16.1 approved.

NEW PRODUCT

Blue Buzzard

New Vendor!

5-Point Racing Harness

RCI's 5-point racing harness features high strength 3" webbing and high quality alloy mounting hardware for bolt-in on the floor or roll bar, wrap around mounting. Available in link and latch aircraft style or cam lock quick release buckles. Pull-Down tighten adjustment. SFI 16.1 approved.

Part No.	Description	Price
RCI9210D	5-Point 3" Harness Pull-Down, Dual Wrap-Around or Bolt In, Latch, Black	\$79.99

RCI9411CD	5-Point 3" Harness Pull-Down, Wrap-Around, Cam Lock, Black	\$169.99

Transmission Safety Blanket

RCI7808A \$169.99 Each

Universal transmission safety blanket protects against a transmission explosion. Made of high strength nylon webbing and steel plates, universal mounting straps fit most automatic and manual transmissions. The Red nylon cover is oil and water resistant. SFI 4.4 approved.

Engine Diaper with Pad

RCI7809A \$254.99 Each

Universal engine diaper will keep the oil off the track in an event of massive engine failure. Made of tough, high tensile webbing, with a replaceable absorbent pad that can absorb up to 10 quarts of oil. Simply wrap around the oil pan and mount to the header bolts on the sides and water pump bolts in the front.

'11-13 Mustang V6 Off-Road X-Pipe

Hi-flow direct replacement X-pipes offer improved performance and feature 2-1/2" tubing with a merged X to maximize the power potential of Ford's 3.7L V6 engine. Features include factory OEM O2 sensor locations, factory style die-stamped flanges to insure proper fitment.

Part No.	Description	Price
BBK1814	2011-13 Mustang V6 X-Pipe w/Hi-Flow Cats	\$514.99
BBK18140	2011-13 Mustang V6 Off-Road X-Pipe	\$289.99

'05-09 Mustang GT Cold Air Kit

BBK17361 \$354.99 Kit

BBK's latest lightweight black plastic cold air intake kits for the popular '05-09 Ford Mustang delivers consistent 15-16 rear wheel horsepower gains with no add-ons and stock computer program. Features include a high quality rotational molded plastic inlet tube, BBK hi-flow washable performance cotton filter, urethane couplings, and hose clamps to allow quick and simple installation.

'05-13 BBK-Gripp Caster Camber Plates

BBK2551 \$345.99 Set

BBK's Gripp clear anodized billet aluminum caster/camber plates improve handling and correct the car's front end alignment after lowering it. They allow the adjustment of the angle of the front struts toward the windshield and inward toward the engine. Improves corner entry and exit and provides more response to steering input. Spherical strut mounting prevents flexing and keeps the alignment solid.

Billet Aluminum Bump Stop Kits

BBK's bump stop (steer) kits are a necessity when installing lowering springs in a Mustang. They are manufactured from CNC-machined billet aluminum and fitted with the highest quality Heim joints. Graphite colored anodized finish provides ultimate looks and protection.

Part No.	Description	Price
BBK2561	Bump Stop Kit Billet Aluminum, '79-93 Mustang	\$195.99
BBK2562	Bump Stop Kit Billet Aluminum, '95-04 Mustang	\$195.99
BBK2563	Bump Stop Kit Billet Aluminum, '05-10 Mustang	\$195.99

IMPACT

Nitro Helmet Black

The Nitro helmet for nitro and alcohol drag racers has a replaceable filter system and bottled air intake port to alleviate fumes from entering the helmet. Built-In Nomex skirt helps keep air inside the helmet clean and adds safety against flames or smoke. Impact's fire-retardant, variable density, single piece gray matter helmet liner and a braided Kevlar gasket lines the eyeport for an even better seal. Features standard eyeport with three position detent 1/8" polycarbonate shield and interchangeable sizing cheekpads and a built in D-ring at the chin bar for head restraint system. Also features a Fire retardant Kevlar chinstrap with dual D-ring closure. SA2010 Rated. Black only.

Part No.	Description	Price
IMP18099310	Nitro Helmet, Black, Small	\$749.99

Chrome Shield

IMP19300908 \$63.99 Each

High-quality impact resistant 1/8" polycarbonate chrome shield for Air Draft and Supersport helmets.

Air Draft Helmet Flat Black

The Air Draft helmet with a new low profile design made with lightweight carbon-kevlar tri-weave, keeps the driver cool, clean and fog-free all race long. Clean air is circulated through whisper channels creating positive air pressure inside the helmet. Impact's fire-retardant, variable density, single piece gray matter helmet liner, and replaceable cheekpads insure a perfect fit. Features a fire retardant Kevlar chinstrap with dual D-ring enclosure and 1/8" polycarbonate shield with three position detent. SA2010 Rated. Black only.

Mini Brake Balance/Bias Panel

LON44128 \$73.99 Each

Lightweight ABS panel with carbon fiber pattern comes with (2) AccuTech 1-1/2" 1500 PSI liquid-filled gauges labeled front and rear and fittings with bleeders.

Composite Brake Balance Panel

LON44138 \$80.99 Each

Lightweight ABS panel with carbon fiber pattern comes with (2) AccuTech 2-1/2" 1500 PSI liquid-filled gauges labeled front and rear and fittings with bleeders.

Composite Start/Ignition Panel with Pilot Light

Lightweight ABS panel with carbon fiber pattern comes with a high capacity ignition switch (aircraft cover), starter button with rubber boot seal, weatherproof red pilot light. Panel is wired with high insulation wires and soldered terminals with shrink sleeves.

Part No.	Description	Price
LON44621	Ignition Panel w/Pilot, Standard Toggle Switch	\$39.99
LON44623	Ignition Panel w/Pilot, Aircraft Flip Cover	\$42.99

Composite Start/Ignition Panel with 2 Accessories

Lightweight ABS panel with carbon fiber pattern comes with an high capacity ignition switch, starter button with rubber boot seal, (2) accessory toggle switches with weatherproof red pilot lights. Panel is wired with high insulation wires and soldered terminals with shrink sleeves.

Part No.	Description	Price
LON44891	Ignition Panel w/Pilot Light, 2 Accessories	\$63.99
LON44893	Ignition Panel w/Pilot Light, Aircraft Flip Cover, 2 Accessories	\$69.99

Deluxe Toe-In Plates

LON79505 \$109.99 Set

Includes two deluxe toe-in plates and two tape measures.

Composite Start/Ignition Panel with Battery Disconnect Switch

LON44897 \$49.99 Each

Lightweight ABS panel with carbon fiber pattern comes with a high capacity ignition switch, starter button with rubber boot seal, weatherproof red pilot light and manual battery disconnect switch with bright red lever. Panel is pre-wired with high insulation wires and soldered terminals with shrink sleeves. Disconnect switch is rated at 175 amp continuous, 6-36 volt, 1000 peak.

Composite Start/Ignition Panel with Blank Space

LON44899 \$74.99 Each

Lightweight ABS panel with carbon fiber pattern comes with a high capacity ignition switch, starter button with rubber boot seal, weatherproof red pilot light and blank space for any switch or gauge option. Panel is pre-wired with high insulation wires and soldered terminals with shrink sleeves.

Composite Battery Disconnect Panel

LON45763 \$33.99 Each

Lightweight ABS panel with carbon fiber pattern comes with a manual battery disconnect switch with bright red lever. Switch is rated at 175 amp continuous, 6-36 volt, 1000 peak.

3.75" Data Logging Tach with Panel

LON44591 \$337.99 Each

The AccuTech DLI stepper motor 10,000 RPM memory and data logging tach records the RPM at 10-times/second. Records and stores up to 60 minutes, in multiple sessions. Allows easy playback at real time, 1/3 speed, or double speed and can pause or backup to see something over again. Digital timer tracks when and where the RPM was recorded on the track. 6 LED'S on the left side can be used for pit speed limit. Features 2-stage warning light, LED backlighted and illuminated red pointer for night time racing. Mounted in a lightweight composite ABS panel with carbon fiber pattern.

Blue Buzzard

Stepper Motor Racing Gauges

Stepper motor gauges use a small electronic motor that turns a tiny fraction of a rotation to drive the pointer. Thru-panel LED backlights are easy to read at any speed. Built-in warning lights with 2-stage LED, flash to indicate possible damage. Can be used with 12 and 16 volt systems.

Part No.	Description	Price
LON46535	Fuel Pressure Gauge 0-15 PSI	\$131.99
LON46540	Oil Pressure Gauge, 0-100 PSI	\$131.99
LON46545	Water Temp, 100-280 Degrees	\$99.99
LON46555	Voltmeter, 8-18	\$99.99
LON46550	Oil Temperature 100-280 Degrees	\$99.99

Wireless AccuSet II Computer Scales

LON72702 **Call for Pricing**

No cables to work around. Transmitters are completely enclosed inside the pads for protection. Low power consumption unit has no antennas or fragile external modules to damage. Simple to use 2-button operation. System includes a wireless control box, and a set of 4 LMF swirl finish 15" x 15" low profile pads with single load cells. 1500 lbs. per pad load capacity.

Economy Digital Tire Gauge 0-60 PSI

LON50345 **\$39.99 Each**

Economy digital tire pressure gauge has an active digital pressure reading. Gauge has 2" face with large numbers and reads in .2 PSI increments. Features air release button, external gauge bumper, and ultra-flexible 14" line with ball chuck.

Digital Quick Fill Tire Gauge 0-60 PSI

LON50386 **\$179.99 Each**

Digital quick fill tire gauge allows fast fill and bleed with one gauge. Has an active digital pressure reading with 2-1/2" face with large numbers that reads in .1 PSI increments. Features external gauge bumper, 17" ultra flexible line with angle chuck, auto off, accuracy to .2 lb./3% and includes a silver storage case.

NEW PRODUCT

Fuel Filter with Shut-Off -12AN

King Racing Fuel Filter with shutoff features billet aluminum housing with a built-in lever operated ball valve shut-off for use with a remote shutoff linkage. All the components are anodized black for corrosion protection. 100-mircon stainless steel element traps the smallest debris particles. Features -12AN male inlet and outlet for main inline use. This works well in classes where a mandatory tank shutoff is required.

Part No.	Description	Price
KRP1988	Fuel Filter with Shut-Off -12AN, Black Anodized	\$177.99
KRP1989	Replacement Element 100 Micron Stainless Steel	\$37.99

1" Birdcage Leveling Tool

KRP1780 **\$20.99 Each**

CNC-machined from ABS plastic. Neatly wraps around the upper rear radius rod bolt sleeve and slips down around the rear axle OD, to check and make adjustments using the bubble level. Fits Maxim, Eagle, and any other style where the bolt runs parallel to the axle. Eliminates guess work.

Cross Shaft Injection Throttle Linkage Kit

KRP2000 **\$319.99 Kit**

Opens injectors exactly at the same time. Kit includes 2 pillow blocks that are installed on a bridge of the injector, 2 fully adjustable center throttle arms with aluminum rod ends, 3/8 stainless cross shaft, 3/8 throttle arm and an idle adjustment stop. Installs easily on Hilborn or Kinsler injectors. All aluminum construction.

Water Temperature Bulb Housing

KRP2130 **\$17.99 Each**

Machined from 6061 billet aluminum and precisely machined to thread directly into a cylinder head. 3/8"NPT Threads fit most mechanical temperature gauge probes. Anodized black.

Coil Over Protectors For Small Body Shocks

KIR00051 \$31.99 Each

Vinyl coil-over protectors keep out mud and debris. Black vinyl with Velcro closure. Small size fits shocks that are 14" long and up to 3" in diameter. Sold in pairs.

14" Youth 20° Layback Aluminum Seat

14" youth seat is fabricated from .100" 5052 grade aluminum. MIG welded inside for added strength. Features offset aluminum extrusion around perimeter and progressive rim bead that adds extra strength. Multi-position lap belt and submarine belt openings are surrounded with molded rubber inserts. Upholstery is double stitched around the belt openings and all stress points. Cover sold separately.

Part No.	Description	Price
KIR36100-C	14" Youth Aluminum Seat, 20° Layback	\$188.99
KIR36111-C	14" Youth Seat Cover, Black Cloth	\$111.99

Vintage Bucket Seats

Vintage seats are fabricated from .100" 5052 grade aluminum and are MIG welded inside for added strength. Offset aluminum extrusion around seat perimeter for added safety and strength. Features multi-position lap belt and submarine belt openings. Contoured high density foam vinyl covered seat covers provides driver comfort. Unique vertical stitching for a vintage look. Cover sold separately.

Part No.	Description	Price
KIR41500V	16" Vintage Bucket Seat	\$239.99
KIR41501V	16" Seat Cover, Black Vinyl	\$154.99
KIR41700V	17" Vintage Bucket Seat	\$245.99
KIR41701V	17" Seat Cover, Black Vinyl	\$154.99

2" Head Restraint Pad

KIR68HP211 \$47.99 Each

Right side head support with additional 2" thick padding for 68/69 series seats. Black tweed cover.

73 Series Layback Full Containment Asphalt Seat and Cover

73 series seat is designed for Asphalt Late Models and Modifieds. Reinforced vertically, with an adjustable head restraint with SFI 45.2 high impact padding installed. Accommodates both 5 and 6-point harnesses, with molded rubber inserts. Contoured extended bottom supports lower back and pre-punched shoulder harness mounting locations for easy installation. Black air knit cover with contoured bottom foam has built-in leg separator for high G-force cornering support. Modular design reduces shipping costs. Replaces the 53 series seat.

Part No.	Description	Price

Aluminum Seat Mounts for 45 Series

KIR99203 \$89.99 Pair

Aluminum floor seat mount brackets for 45 series seats have multiple adjustments for the correct seat position mounting. Pair.

Molded Foam Seat Insert Kit

KIR99300 \$376.99 Kit

This kit is to add form-fitting high-density padding to any racing seat bottom and lower lumbar. Kit includes; 2 containers of foam (part A & B), 1/4" foam sheet, 1 roll double sided adhesive (Gaffers tape), Foam mixer, electric knife, plastic bag, seat cover material and checklist and instructions.

Shown Completed

Series 402 Hand Brake

CNC402A \$197.99 Each

Compact hand brake assembly is CNC-machined from billet aluminum with a polished aluminum handle and round master cylinder with total seal rubber boot.

Series 412 Staging Brake

CNC-machined billet aluminum hand staging brake assembly with a blue or red anodized aluminum handle and a 3/4" bore master cylinder with a total seal rubber boot.

Part No.	Description	Price
CNC412SB3/4	Series 412 Staging Brake 3/4" Bore Cylinder, Blue Anodized Handle	\$184.99
CNC412SR3/4	Series 412 Staging Brake 3/4" Bore Cylinder, Red Anodized Handle	\$184.99

HTD Crankshaft Pulley

JRPCS-6102-A-22 \$72.99 Each

Lightweight billet aluminum, 22 radiused tooth 1-1/8 ID, 1/8" key HTD crankshaft pulley.

SB Ford Crankshaft Drive Hub

JRPDH-8101-WC-F3-3.5 \$139.99 Each

3.5" long mandrel hub mounts with 3-bolts and a machined O.D. boss registers the hub. The hub uses a contained bolt and end cap to secure the pulleys.

6" Power Steering Pulleys

CNC-machined lightweight billet aluminum, press-fit to power steering pump shaft.

Part No.	Description	Price
JRPPS-3106-B-6.000	P/S Pulley, 6" V-Belt, Press-Fit	\$74.99

NEW PRODUCT

Blue Buzzard

Ultra Series Star Fusion Helmet

The Star Infusion features an ultra-lightweight carbon fiber composite shell, high-tech aggressive aero styling and pro-plus style interior that provides superior comfort. The Snell SA2010/FIA8858 Star Fusion is the first model in the industry that can be used as a side forced air, or top air model. Bell's air chamber technology increase pressure and accelerates airflow to maximize ventilation and comfort. The top flow drives the air evenly through the air channels and directs the air over the top of the head to cool the face and prevent fogging. Matte black finish.

Flexline Kits

Wilwood's stainless steel braided flexline kits include all line and fittings to replace OE rubber hoses.

Part No.	Description	Price
WIL220-10509	Flexline Kit '64-79 GM, '70-81 Camaro Front w/90° Hose End	\$76.99
WIL220-12168	Flexline Kit '65-69 Ford Mustang Front	\$94.99

Compact Remote Combination Master Cylinder

Wilwood's compact combination master cylinders are ultra-short (3.37") and provide 2.16" of additional clearance between the mounting flange and the fluid outlet. 1/8"NPT fluid outlet port located at the top of the cylinder bore reduces the chances of trapped air.

Part No.	Description	Price
WIL260-10373	Compact Master Cylinder Kit 1-13/16" Piston	\$81.99
WIL260-10376	Compact Master Cylinder Kit 1-1/8" Piston	\$81.99

Combination Remote Tandem Master Cylinder

WIL260-8794 \$129.99 Each

Tandem master cylinders provide a safe way to actuate four wheel or dual caliper axle brake systems. The cylinder features 50/50 output from 1.00" bore and 1.10" stroke. Kit includes master cylinder with pre-installed 4 ounce reservoirs and 3.38" x 5/16"-24 pushrod.

Aluminum Tandem Master Cylinder

WIL260-9439-BK \$246.99 Each

Wilwood's tandem master cylinder incorporates a slotted mounting flange to accommodate bolt patterns between 3.22 to 3.40". Dual outlets allow right or left hand plumbing. Cylinder has 7/8" bore, total piston stroke of 1.10" and a 2:1 volume ratio between the primary and secondary chambers. Black E-coat finished.

Reservoir Kit

WIL260-10500 \$37.99 Kit

Wilwood's 4 oz. universal remote high-strength plastic reservoir kit without fittings, 30" long specialty 3/8" hose designed for brake fluid.

10.7 Oz. Replacement Reservoir

WIL260-5751 \$12.99 Each

Replacement reservoir for combination remote master cylinders constructed from high-strength plastic.

Adjustable Proportioning Valve

WIL260-10922 \$46.99 Each

The new generation of adjustable proportioning valves is here! Adjustable tuning knob with fine thread tuning ranges from 100-1000 PSI and a maximum decrease of 57 percent in line pressure. 3/8"-24 inverted flare seats one inlet and one outlet ports. Weighs only 5.2 ounces.

TM1 5/8 Tandem Master Cylinder

WIL260-11097 \$96.99 Each

The TM1 aluminum master cylinder has a 5/8" bore and dual 10mm x 1.00 outlets. Allows side mounting on 3.53" bolt spacing using 5/16" bolts. Compact design for limited space usage includes push rod, dust boot, and .39" diameter clevis.

Tandem Remote Master Cylinder

WIL260-5920 \$71.99 Each

Remote master cylinder kits are precision machined from high-strength aluminum. Includes both small and large reservoirs, special remote fill hose, fittings, clamps and hardware. Has bore size 2-13/16" and master cylinder stroke of 1.200 in. Sold as a kit.

GP320 High Temperature Brake Pads

WIL150-10396K \$118.99 Each

High friction, high temperature range, formulated for use with polymetallic coated rotors using GP320 brake calipers.

Forged Superlite Internal Caliper

The Superlite Internal Caliper is designed for use in short track, late model, modified and open wheel competition. New caliper incorporates internal fluid ports, symmetrical piston bores, high temperature, square-faced o-ring seals for positive piston retraction, stainless steel pistons, and two-piece bleed screw assemblies, and fits standard 3.50" centered mounting tabs.

Part No.	Description	Price
WIL120-11131	Superlite Internal Caliper 1.625" Pistons, Fits .810" Rotor Width, Black	\$159.99
WIL120-11133	Superlite Internal Caliper 1.625" Pistons, Fits 1.25" Rotor Width, Black	\$159.99

Billet DynaPro 4-Piston Caliper

WIL120-9701 \$155.99 Each

Forged billet caliper, sleek profile with superior strength for a broad range of rally, and off-road applications. Features 1.38" dia. pistons for 1.25" thick rotors. Sold individually.

Forged Narrow Dynalite Caliper

WIL120-11578 \$137.99 Each

Wilwood's new forged narrow mount Dynalite (FNDL) calipers feature 1.125" diameter piston for .810" thick rotors and 3.50" centered mounts. Uses 7816 or 7216 type brake pads. Black finish.

DynaPro Low-Profile Rear Parking Brake Kit

WIL140-11386-D \$896.99 Kit

Designed for Mopar/Dana muscle car rear axle disc brake upgrade applications that require a parking brake assembly. Kit includes forged billet low-profile DynaPro 4-piston calipers, 11" one-piece hat and rotor assemblies with internal parking brake assemblies, PolyMatrix Brake Pads, caliper mounting brackets, and hardware.

Big Ford Dynalite Pro Series Rear Brake Kit

WIL140-2118-BD \$782.99 Kit

FDL Pro-Series rear disc brake kit for big Ford bearing housing used in pro-street and muscle car applications where parking brake assemblies are not required. Kit includes Dynalite 4-piston calipers, two-piece hat and rotor assemblies with drilled and slotted rotors, high friction PolyMatrix brake pads, caliper mounting brackets with 2.50" offset, and installation hardware.

D154 Metric Billet Aluminum Front Caliper Kits

WIL140-12097-BK \$382.99 Kit

The D154 Metric front caliper kit is an upgrade to the stock "metric" calipers used on '78-Up GM vehicles. Kit includes 2 Forged billet aluminum body calipers powder coated black, stainless steel pistons and competition style high temperature seals, PolyMatrix high friction pads, and caliper mounting/slide pins. The large 2.50" piston provides 4.90 square inches of piston area per caliper. Sold as a kit.

Polished Dynalite Pro Rear Brake Kit

WIL140-7140-DP \$1014.99 Kit

Designed for Ford big bearing rear axle application. Kit includes polished forged billet Dynalite 4-piston calipers, solid and drilled rotors, caliper mounting brackets, PolyMatrix brake pads, and necessary hardware.

Mopar/Dana Dynalite Rear Brake Kit

WIL140-10767-D \$898.99 Kit

Rear brake kit includes; forged 4-piston billet Dynalite calipers, 12.19" drilled/slotted vented iron rotors with integral parking brake rotor hats, caliper mounting brackets with snap ring bearing 2.50" offset, PolyMatrix brake pads, and all necessary installation hardware. May fit some 15" wheels, check wheel clearance.

Camaro/Nova 4-Piston Pro-Series Front Brake Kit – Red Calipers

WIL140-10996-DR \$1049.99 Kit

Front brake kit includes; billet hubs, 11" cross-drilled/slotted vented rotors, 4-piston DynaPro red powder coated calipers, billet hubs, bearings and seals, caliper mounting brackets, PolyMatrix brake pads, and mounting hardware and detailed instructions. Minimum recommended 15" wheel.

Big Brake Front Brake Kit '65-69 Mustang

WIL140-11072-D \$999.99 Kit

Front brake kit includes; 12.19" cross-drilled/slotted vented rotors, 4-piston forged billet Dynalite calipers, mounting brackets, hubs, bearings and seals, PolyMatrix brake pads, and all the necessary installation hardware. May fit some 15" wheels, check wheel clearance.

GM D52 Dual Piston, Red Powder Coated Caliper

WIL140-11291-R \$384.99 Each

D52 dual piston caliper has high performance stopping power with stock sized rotors. The forged aluminum body, stainless steel pistons, and competition style high temperature seals provide low-maintenance and weight saving. Fits GM vehicles from '68-96 that have factory D52 single piston calipers and 1" thick rotors.

Starlite 55-XD Wide 5 Hubs

The new Starlite 55-XD wide -5 racing hubs weigh just over 7 pounds and offer superior strength and high efficiency. Available for front and rear applications. Rotor adapter included fits 7.00" x 8-bolt rotors.

Part No.	Description	Price
WIL270-12111C	Starlite 55-XD Wide 5 Rear Hub, Coarse Stud, Each	\$209.99
WIL270-12127C	Starlite 55-XD Wide 5 Front Hub, Snap Cap with Hub Cap, Each	\$224.99
WIL300-11211	Replacement Starlite Adapter Rotor Plate 55-XD, 5 X 4.50 BC Floating/Fixed, Each	\$76.99

HD 48 Curved Vane Rotors

Wilwood's HD 48 curved vane spec-37 rotors withstand extreme temperatures with the highest possible degree of resistance against distortion, warping, cracking and wear.

Part No.	Description	Price
WIL160-11611	H8 48 Rotor SPC37, RH, 11.75 x 1.25, 8 x 7.00 in BC	\$116.99
WIL160-11612	H8 48 Rotor SPC37, LH, 11.75 x 1.25, 8 x 7.00 in BC	\$116.99

Black Oxide Drilled Steel Scalloped Rotor WIL160-9772 \$102.99 Each

Wilwood's steel scalloped, cross-drilled brake rotor provides greater strength, stability, resists warping on lightweight formula, open wheel, dirt track, and drag race cars. Measurements are 11.75" x .350, 8 x 7.00" bolt circle. Sold individually.

Suspension Enhancement System

The softer ride quality of today's trucks and the mediocre suspensions found on most trailers can cause excessive trailer sway, instability and suspension settling. Timbren's suspension packages ensure added safety and peace of mind. Improve load handling, haul heavy loads with ease and eliminate sag and sway. SES Kits enhance the vehicles suspension.

Sportsman Series Oval Track Oil Pans, 7 Quart

Sportsman Series Oval Track Oil Pans are manufactured to fit most '78-87 A-Body GM Metric chassis for Stock and Street Stock applications. Features a 7-quart wet sump with trap door baffles to keep oil at the oil pump pickup. Louvered tray directs the oil away from the crankshaft. Built-in crank scraper works with most starters and accepts 3.80" stroke with steel rods. Recommended oil pump pickup assembly MOR24316 with HV, and MOR24317 with standard volume oil pump. Painted steel pan.

Part No.	Description	Price
MOR21316	SB Chevy Pre-1980 Blocks, D/S Dipstick, Painted Steel	\$134.99
MOR21317	SB Chevy '80-85 Blocks, P/S Dipstick, Painted Steel	\$134.99

IMCA 2011 Rule Oil Pan, 7 Quart

IMCA Rule Oil Pan has a 1" inspection bung with plug, no extra welding required. Fits most '78-87 A-Body GM Metric chassis and features a 7.5"D x 10"L x 11"W, 7-quart wet sump with trap door baffles, to keep the oil at the oil pump pickup, engineered louvered tray and built-in crank scraper. Works with most starters and accepts 3.80" stroke crank with steel rods. Will not fit engine blocks with splayed main caps. Recommended oil pump pickup assembly MOR24316 with HV, and MOR24317 with standard volume oil pump. Painted steel pan.

Chevy Solid Steel Motor Mounts

MOR62515 \$33.99 Each

Replace stock OEM 332648 mounts, .188" thick. Prevent torque loss and binding linkages caused by engine movement. Mounts eliminate torque straps or chains. Mounts have a protective zinc finish. Sold individually.

Chevy Solid Steel Motor Mount Pads

MOR62630 \$59.99 Pair

Mounts replace soft, rubber-cushion frame mounts on 1974-81 Camaro/Firebird, 1973-79 Nova, 1973-88 Malibu and Monte Carlo with small block Chevy engines. Use with MOR62515 motor mounts. Pads eliminate the need for torque straps and prevent movement/linkage binding. Sold in pairs.

2010-11 Camaro SS V-3 Si Supercharger Systems

Vortec V-3 Si Trim kit included; a self-lubricating V-3 Si polished supercharger, billet aluminum twin-plate super charger mounting bracket, dedicated 10-rib drive, automatic belt tensioner, SFI-approved replacement race-spec damper, custom roto-molded cold air induction, high capacity air/air charge cooler, 3" mandrel-bent aluminum charge cooler tubing, Vortech race compressor bypass valve, 4" MAP housing, high-flow replacement fuel injectors, a ECI re-flash programmer, and YSi and cog drive 1200 HP capability.

Powerglide Trans-Brake Valve Body

TCI748200 \$469.99 Each

TCI trans-brake valve body is a complete unit with solenoid. Valve body has standard shift pattern and requires deep oil pan for clearance.

Hardened Input Shaft

TCI749600 \$174.99 Each

Shaft has increased strength for optimum stress distribution. Manufactured from AMS 6418 premium steel billet, 1.76 planetary ratio, Turbo-Hydramatic splined shaft allows installation of a Turbo 350/400 converter in a Powerglide. Shaft requires minor machining of the stator support 12-7/8" shaft length.

GM Powerglide Outlaw Shifter w/Cover

TCI611323 \$369.99 Each

Rugged, lightweight shifter has pistol grip handle, reverse lock out and neutral safety per NHRA/IHRA rules. Shifter includes 5' cable, installation hardware and aluminum cover.

Mustang StreetFighter Shifter

A direct replacement to the OEM automatic shifter, the race-inspired, billet StreetFighter allows clean, precise shifts. Fits the factory console and accepts the OEM shift cable.

Part No.	Description	Price
TCI619570	2005-08 Ford Mustang	\$604.99
TCI619575	2010-12 Ford Mustang	\$679.99

High Performance Aluminum Racing Heads

Flo-Tek heads are loaded with high end features like manganese bronze and phosphor bronze valve guides, hardened high temp exhaust seats and swirl polished stainless valves. Heads have a 5-angle valve job and are fitted with performance springs good to .550" lift (hyd. flat tappet), 3/8" PC seals, hardened locks and retainers, screw-in studs and guide plates. Heads are CNC-Machined to exact tolerances. All heads are sold individually.

Part No.	Description	Price
Small Block Chevy, Pre 1986 Head Design

BB Chevy Rectangular Port Aluminum Cylinder Head

FloTek's rectangular port head is available with 320cc or 360cc intake volume runners, offers 121cc combustion chambers, 128cc exhaust runners, 2.250" one-piece stainless steel intake valves, 1.880" one-piece exhaust valves, high performance valve springs (.600" lift hyd./flat tappet cam) and 7/16" screw-in studs and guide plates. Heads accept angle spark plugs and are sold individually.

Part No.	Description	Price
FTC305505	BB Chevy 320cc Aluminum Cylinder Head 121cc, 2.25"/1.88" Assembled, Each	\$959.99
FTC407505	BB Chevy 360cc Aluminum Cylinder Head 121cc, 2.25"/1.88" Assembled, Each	\$959.99

LS1 GEN III Aluminum Cylinder Head

FTC509505 \$899.99 Each

FloTek LS1/GEN III cylinder head accepts all GEN III intake manifolds. Head has 210cc intake runners, 76cc exhaust runners and 60cc combustion chambers. The one-piece stainless intake (2.020") and exhaust (1.570") valves have a 5-angle valve job. Intake and exhaust seats are hardened and the heads are fitted with conical single beehive valve springs good to .600" lift. PT Viton seals are used throughout. Fully assembled and sold individually.

SF3 Power Flash Tool

Your Choice - \$429.99 Each

Handheld SF3 has an external sensor monitor with built-in high speed data logging. Adjustable features include WOT, fuel and spark adjustment, axle ratio and tire size, idle RPM, transmission shift points, and much more. SF3 is pre-loaded with dyno proven tuning files for increased power and fuel mileage. Verify specific applications before ordering.

Part No.	Description

High Performance Oil Pumps by Schumanns

Iron alloy pumps are blueprinted with full flow shaft oiling and 80% less porosity for a yield strength of 70,000 PSI. Pumps are precisely machined with full flow shaft oiling, exact mesh gears and anti-aeration bleed-off for exceptional high RPM lubrication. Choose "O.E. Plus", or the "Sportsman SSR" series which includes 50-55, 65-70 and 80-90 PSI pressure relief springs.

* Includes anti-cavitation plate. ** Gear pressure balanced to prevent "hydraulicling."

BB Chevy Standard and High-Volume Oil Pumps

High density, high strength iron housing and cover are heat-treated to withstand 70,000 psi. Blueprinted internals have exact mesh gear sets, 40 PSI idle pressure bypass, full anti-cavitation treatment, full flow shaft oiling, anti-aeration bleed-off, drilled cap screw (not pressed pin), correct pre-positioned 50/55 relief spring, extra-long bolts cover bolts, and accommodate aftermarket bolt-on 3/4" dia. screen assemblies. High volume pump uses low torque load with 25% more volume.

Part No.	Description	Price
AFM20328	BB Chevy Standard Volume Oil Pump	\$137.99
AFM20329	BB Chevy High Volume Oil Pump	\$152.99

Chevy HEI Vacuum Advance Distributor

AFM20210 \$91.99 Each

Chevy V8 distributor has a cast aluminum housing, 4-pin module, vacuum advance and a mechanical advance curve tailored to the daily driver. Black cap and rotor included.

GM LS Series Extra Volume High Performance Oil Pump

AFM20330 \$229.99 Each

GM LS1 high performance street/strip oil pump is engineered for stock factory to 500 horsepower with occasional short duration, high RPM usage. Features include ball check technology oil pressure relief valving, outlet port to block o-ring seal, 9/16" I.D. oversized outlet port to block, machined and radiused internal oil passage for increased volume flow, and three color coded oil pressure springs 60, 70, 80 psi easily interchangeable.

HUGE Savings!

Complete Line

MagnaFuel

ProTuner 750 In-Line Electric Fuel Pump

MRFMP-4303 \$609.99 Each

Compact In-line ProTuner pump is a quiet, high volume unit for high horsepower fuel-injected street engines. CNC-machined from billet aluminum, ProTuner 750 pump supports up to 2,000+ horsepower.

ProStar 500 Electric Fuel Pump

Pump has the capacity for up to 2,000 horsepower with cool, low amperage operation. External bypass eliminates pump cavitation. Compatible with gasoline or alcohol and pumps are available with and without filter. Fittings not included.

Part No.	Description	Price
MRFMP-4401	ProStar 500 Fuel Pump	\$474.99
MRFMP-4450	ProStar 500 Fuel Pump and Filter	\$639.99

QuickStar Electric Fuel Pumps

Billet aluminum, vane/rotor pumps for carbureted engines have external bypasses to prevent cavitation and improve flow. QuickStar 275 is for engines with up to 700 horsepower; the QuickStar 300 can supply engines with up to 900 horsepower. Pumps are compatible with gasoline and alcohol and are available with and without filter. Fittings must be purchased separately.

C&R RACING INCORPORATED

Late Model Pressure System

Late Model Stock Car Pressure System is easy to install and more efficient and fail-safe than regular cooling systems. The system's accumulator acts as an air spring. Maintains cooling system pressure under lean fuel conditions, during drafting, long caution laps, and debris build up in the radiator, even at temperatures of 260° plus without engine detonation or damage. Will fit in the same 3" tray as C&R 2-row/28" radiators. Ductwork for 24" or 24.50" core matches.

Billet Aluminum GM Throttle Cable Bracket

CVR64150CL \$79.99 Each

CNC-machined from billet aluminum, bracket is easily mounted to base of Holley 4150 carburetors and accept GM snap-in or Morse 33-C throttle cables. Clear anodized finish.

Proflo Maximum Electric Water Pump

CVR7554 \$340.99 Each

Pump has adjustable cam stop, accept stock brackets and adds horsepower by eliminating the drive belt and fan, plus they improve cooling efficiency. Suitable for street or strip, aluminum housing has billet aluminum impeller, stainless steel shaft and carbon ceramic seals. Stainless fasteners are included. Fits big block Chevy 396-454, 60 GPM

Powerhouse Billet 200 Alternator

CVR8106CL \$604.99 Each

Powerhouse is hand-built 200AMP, 12-volt unit using a GM 12 Si billet aluminum style housing, hand-wound stators, heavy-duty rectifiers, and internal regulator allows an automatic cut-in charge at low RPM. V-belt driven billet pulley and bullet nose assembly drives this beautifully polished alternator and clear anodized to protect the finish. Alternator can handle high powered audio, off-road lighting, winches that the OE alternator cannot handle.

Prolube Oil Pumps

Engineered for racing, pumps have durable aluminum housings and billet steel gears. Enlarged inlet and oil passages and adjustable oil pressure bypasses to the pickup reduce aeration and lower oil temperatures. Each pump includes a heat treated chrome moly driveshaft. Pickup must be purchased separately.

Part No.	Description	Price
CVROPA45*	BB Chevy High Volume Billet Aluminum Pro Lube Pump w/Drive Shaft, Adj. Oil Bypass Valve	\$391.99
CVROPA35CT**	SB Chevy Circle Track High Volume Billet Aluminum Pro Lube Pump w/Drive Shaft, Adj. Oil Bypass Valve, C.T. Design	\$391.99

* Requires Bolt-on Pickup - Call For Part Numbers, Available from 7" - 9.750"

** Includes Pickup for 7" Pan Depth

Billet Aluminum 12-Volt Electric Vacuum Pump

CVRVP612 \$521.99 Each

Anodized billet aluminum pump is engineered for engine combinations that provide little or no manifold vacuum. When vacuum drops below 15 in., the pump takes over to increase the brake vacuum level to 20 in. Unit is completely self contained, just hook up the positive and negative power supplies.

12-Volt Electric Vacuum Pump

CVRVP555 \$321.99 Each

The perfect solution for inadequate power brake performance caused by low manifold vacuum levels. 12-volt electric vacuum pump, which may be mounted in any position, activates when vacuum drops below 15 in. and increases vacuum up to 20 in. automatically without the need for any additional switches or relays. Unit draws just 6 amps and uses simple, positive/negative wiring arrangement.

Street Master 2V Ford Cleveland Head

CHI SBF Cleveland 2V 190cc aluminum cylinder head is designed to work with the standard 2V intake and exhaust manifolds. At just 190cc in port volume the Street Master 2V flows massive 307CFM at .650" valve lift with 300CFM at .600" lift.

Features:

- Standard Intake Port Location Will Fit All 2V Factory Style Intake Manifolds And UNI Exhaust Port Allows Use Of 2V Or 4V Factory Exhaust Manifolds
- Spring Pockets Machined For Standard 1.7", Max 1.550" And 0.100" For Deeper Machining
- CNC 3V Combustion Chamber Design For Efficient Burn And Detonation Control Characteristics
- 5/8" Thick Deck For Positive Head Gasket Retention, Ideal For Nitrous And Blown Applications
- Hardened Valve Seats And CHE Bronze Alloy Guides Suitable For Unleaded Fuels
- Multi-Angle Intake And Radiused Exhaust Seat Machining
- Machined For Use Of Standard Head Bolt Lengths

Part No.	Description	Price
CHISBF2V190B-67	SBF Cleveland 2V, 190cc Alum. Head 67cc, 2.07/1.650, Bare Each	\$999.99

3V 185 Ford Cleveland Aluminum Cylinder Head

The CHI 3V 185cc Cleveland aluminum cylinder head has a marginally bigger exhaust port than the 2V Cleveland. Best suited for standard stroke engines up to mid 500 cubic inch range with a solid flat tappet cam, or mid 500+ horsepower with hydraulic cam and solid rollers.

Features:

- 290CFM Intake Airflow At .550" Lift
- CNC 3V Combustion Chamber Design For Efficient Burn And Detonation Control Characteristics
- 220+CFM UNI Exhaust Port Will Fit Either 2V Or 4V Headers With No Port Matching, With True Standard Height Exhaust Port And Bolt Locations
- 5/8" Thick Deck For Positive Head Gasket Retention, Ideal For Nitrous And Blown Applications
- Spring Pockets Machined For Standard 1.7", Max 1.550" And 0.100" For Deeper Machining
- Larger Pushrod Opening At Intake Manifold Face 2.5" Minimum Cross Section
- Machined For Use Of Standard Head Bolt Lengths

Part No.	Description	Price
CHISBF3V185B-67	SBF Cleveland 3V, 185cc Alum. Head 67cc, 2.07/1.650, Bare Each	\$999.99

3V 208 Ford Cleveland Aluminum Cylinder Head

The CHI 3V 208 Cleveland aluminum cylinder head developed with a 208cc intake runner for engine builders looking to make between 500 and 550 HP using solid flat tappet cams. Mild solid roller and hydraulic roller cams in these combinations will result in increased output gains.

Features:

- Intake Port Minimum Cross Section Of 2.3" With A Stock Port Roof Intake Port Is The Tallest Of The 3V Family, Requires A 3V 208 Intake Manifold.
- 320+CFM Intake Airflow At .650" Lift
- CNC 3V Combustion Chamber Design For Efficient Burn And Detonation Control Characteristics
- 220+CFM UNI Exhaust Port Will Fit Either 2V Or 4V Headers With No Port Matching, With True Standard Height Exhaust Port And Bolt Locations
- 5/8" Thick Deck For Positive Head Gasket Retention, Ideal For Nitrous And Blown Applications
- Machined For Use Of Standard Head Bolt Lengths

Part No.	Description	Price
CHISBF3V208B-67	SBF Cleveland 3V, 208cc Alum. Head 67cc, 2.07/1.650, Bare Each	\$999.99

3V 208 and 225 Ford Cleveland Cast Iron Cylinder Heads

Innovative intake port designs available in 208cc and 225cc versions. Raised 3V 220cc exhaust ports are standard with 67cc combustion chambers. All the same features from the aluminum 208 cylinder head are duplicated.

Part No.	Description	Price

Sniper X 24° BB Chevy Cylinder Heads

Bare aerospace spec virgin A356 aluminum alloy BB Chevy Sniper X 24 degree cylinder heads feature 290cc to 375cc rectangular CNC port intake runners (fully 375cc, flows 481cfm @1.0" lift), 1/2" deck thickness for blown and nitrous applications, 119cc combustion chambers, standard location for 2.350" intake and 1.880" exhaust valves, 1.625" valve spring pockets, manganese bronze exhaust valve guides, 50 degree high performance valve job, 7/16" screw-in rocker studs and guide plates, and revised spark plug location to improve flame travel. Ends drilled and tapped for accessories. Made in U.S.A. Sold Individually.

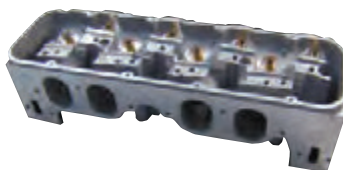

Part No.	Description	Price
PPP174-29-13	Sniper X Head, BB Chevy 290cc Intake Runner, Each	\$1,054.99
PPP174-32-03	Sniper X Head, BB Chevy 320cc Intake Runner, Each	\$1,054.99
PPP174-X-C35-03	Sniper X Head, BB Chevy 355cc Intake Runner, Each	\$1,559.99
PPP174-X-C37-03	Sniper X Head, BB Chevy 375cc Fully CNC Intake Runner, Each	\$1,559.99

Hitman 12° BB Chevy Cylinder Head

PPP184-02-11 \$1,999.99 Each

Bare aerospace spec virgin A356 aluminum alloy BB Chevy Hitman crew 12 degree cylinder heads feature 415cc spreadport pro-stock modified oval CNC port intake runners, 1/2" deck thickness for blown and nitrous applications, for use with 4.840" bore space blocks, heart shaped as cast/CNC 60cc Combustion chambers, standard valve location for 2.400" intake and 1.880" exhaust valves, 1.655" valve spring pockets, manganese bronze exhaust valve guides, copper alloy valve seats with a 50 degree high performance valve job, uses T&D or Jessel shaft mounted rocker systems, and revised spark plug location to improve flame travel. Made in U.S.A. Sold Individually.

Aluminum Ultra HP Carburetors

All-aluminum Ultra HP carburetors offer 30 new upgrades over traditional 4150 HP carbs including redesigned fuel bowls with a 20% increase in capacity, billet base plates and metering blocks, adjustable metering blocks, a race-only throttle lever, a choice of progressive or 1:1 linkage and dual bolt pattern mounting holes. Main bodies have integrated idle bypass valves and the air bleeds have been moved outward for a smoother transition of air flow. Carburetors are available anodized in Hard Core Gray with black billet metering blocks and base plates, or in natural, tumble-polished (shiny) with black or red metering blocks and base plate. All require dual feed fuel lines with a 9.75" center distance.

Part No.	Description	Price

Powerjection III 750 CFM

Powerjection III is a simple and clean aftermarket EFI system. Easy to install and simple to tune, the "Adaptive Learning" feature eliminates the need for laptop programming and tuning, except on the most radical engines. System uses minimal wiring to provide the clean, neat appearance demanded by performance enthusiasts. The Complete Kit includes everything (the only option may be PRP70107, P3 fuel delivery and return line kit) required for a EFI system installation, while the Basic Kit is for vehicles that already include a return line, fuel pump and pressure regulator. The optional P3 PRP70107 Fuel Delivery and Return Kit, which may be required on some installations, includes enough -6AN stainless steel line and fittings to plumb both the delivery and return lines.

PowerForce Harmonic Dampers

PowerForce dampers rely upon bonded elastomer for a long, dependable life and are not SFI approved. Semi-gloss, black painted finish.

Part No.	Description	Price
PRP80000	SB Chevy 350, Int. Balance, 6.75" Dia.	\$89.99
PRP80003	SB Chevy 400, Ext. Balance, 8" Dia.	\$89.99

SB Chevy Typhoon Intake Manifold

PRP52007 \$174.99 Each

Dual plane aluminum manifold improves low end performance, but also increase horsepower similar to a single plane manifold. Compatible with Holley, Carter AFB or Edelbrock square bore carburetors. Satin finish and fits SB Chevy, '96-Up, Idle-5500 RPM.

SB Chevy Hurricane Intake Manifold

PRP52031 \$214.99 Each

High flow, single plane 360° manifold with four corner water ports improves horsepower and torque in the mid and upper RPM ranges. Ideal for short track racing and compatible with all popular carburetors. Natural finish. SB Chevy, 1957-95, 3000-7500 RPM range.

Power+Plus® Intake Manifolds

The Power+Plus Cyclone manifolds are direct replacements for stock Chevy or Ford manifolds. Each manifold includes a carb adapter plate and gasket for square bore carburetor use.

Part No.	Description	Price
PRP52001	'57-95 SB Chevy, Satin, Idle-5500 RPM	\$159.99
PRP54001	SB Ford, Satin, 1500-6500 RPM	\$194.99

Simultaneous Single Adjustable GM Front Coil-Over Conversion Systems

Conical springs mount easily with the lower end seated on the coil-over shock and the upper end in the original spring bucket. Longer, conical spring has more stored energy and is lighter, offering increased weight transfer. Two ProMa Star shocks and two conical springs are included as well as mounting hardware. Multiple spring rates/styles are available. Easy bolt-in installation. 18 adjustment settings.

High Performance Direct-Fit Aluminum Radiators

AFCO high performance bolt-in aluminum radiators provide maximum cooling for high performance street, drag race, road racing, and autocross where increase engine temperatures are a factor. Features an all-aluminum 100% TIG welded construction (no epoxy), two 1" row core, billet side tanks and filler neck for higher structural strength, factory mounting, and drain petcock. 100% pressure tested.

Part No.	Description	Price
AFC84252-S-NA-N	'66-67 Chevelle / LS Series engine, 25.0"W x 19.500" H x 3" T	\$599.99

Ford Mustang GT500 Heat Exchanger

AFC80280NDP \$474.99 Each

AFCO's GT500 heat exchanger is a direct bolt-in replacement for '07-up Shelby GT 500 Mustang. This heat exchanger has enhanced core technology for greater flow and efficient intake cooling. All aluminum 100% TIG welded construction for lightweight advantage. Double pass design, measures; 31.325"W x 9"H, satin finish. Made in the U.S.A.

SALE PRODUCT

13" Electric Fan

QRP60-035 \$49.99 Each

QuickCar 13" diameter, pusher or puller, straight blade electric fan keeps the engines coolers supplied with cool air. Constructed from glass-filled polyethylene with four mounting bases and nylon tie kit included. Measures 15" Dia. x 3" thickness.

Electric Fan Relay With Thermostat

QRP60-039 \$36.99 Each

Relay protects electric fan and wiring in the event of overload, while the thermostatic fan activation feature turns fan on at 200°F., and off at 170°F. Kit includes a 1/2"NPT fitting with probe and 40 amp relay.

12-1/2" Long Torque Absorber

QRP66-500 \$149.99 Each

IMCA legal Torque Absorber is track-proven to increase forward bite out of the turns with sustained traction down the straight away and is lighter than spring-style units. CNC-machined unit uses internal brass bushings and grease fittings to eliminates binding, while the threaded cap allows easy biscuit changes. Torque absorber includes red (medium durometer) biscuit. Softer or harder durometer biscuits may be purchased separately for tuning purposes.

Torque Absorber Biscuits

Offered for tuning purposes, biscuits are offered in four different durometer rates. Packaged one to a card.

Part No.	Description	Price
QRP66-501	Extra Soft Blue Biscuit	\$15.99
QRP66-502	Soft Yellow Biscuit	\$15.99
QRP66-504	Medium Red Biscuit	\$15.99
QRP66-506	Hard Black Biscuit	\$15.99

Blue Buzzard

Red LED Light Strip

QRP61-790 \$28.99 Each

Very bright red LED light strip provides extra visible warning in the cockpit. Can be used for an oil pressure warning light mounted on the dash. 18" long bright red LED's can be trimmed to desired length and are visible even in the daylight! Includes tapping clips. Gauge panel sold separately.

Under Car Light Kit

QRP61-795 \$54.99 Each

Perfect for dark pit areas when under car repair is required. Bright white, 18" long LED light strip, installs easily. Sold complete with switch, wire, connectors and instructions.

Part No	Description	Price
QRP61-9795	Replacement LED Strip With Connectors	\$32.99

LED Replacement Bulbs

Upgrade standard gauge lighting to bright LED illumination. Brighter and longer lasting than traditional lights. Compatible with all Quickcar gauges and warning lights.

QRP611-6000 QRP611-6003 QRP611-6006 QRP611-6009

2-5/8" Individual Gauges

Affordable, illuminated mechanical gauges have white dial faces with bright red pointers.

Part No.	Description	Price
QRP611-6000	Fuel Pressure, 0-15 PSI	\$29.99
QRP611-6003	Oil Pressure, 0-100 PSI	\$29.99
QRP611-6006	Water Temperature, 140°-280°F.	\$44.99
QRP611-6009	Oil Temperature, 140°-280°F.	\$44.99

Memory Tachometers

10,000 RPM tachometers are affordable and accurate. Tachs have white dial faces, bright red pointers and black bezels. Recall feature displays the highest RPM attained during the last race.

Part No.	Description	Price
QRP611-6001	Tachometer w/Memory, 5" Dia.	\$159.99
QRP611-6002	Tachometer w/Remote Memory, 3-3/8" Dia	\$169.99

Quick-Lite Water Pressure Warning Light

QRP61-713 \$24.99 Each

Light alerts driver if a loss of water pressure occurs. Kit includes warning light, switch and wiring.

Quick-Light Water Pressure Kit with Gauge

QRP61-716 \$59.99 Each

Includes 2-1/16" gauge, sender and warning light.

Oil Filter Cutter

QRP64-730 \$62.99 Each

Quickly open oil filters to check for potential engine debris. Heavy-duty, red anodized billet aluminum tool features a razor sharp hardened cutter.

Axle Strap

QRP64-257 \$15.99 Each

QuickCar 2" wide x 2' long axle straps wrap around the axle housing to safely secure the vehicle. Sold each.

Digital Pocket Tire Gauge 0-60 PSI

QRP56-050 \$24.99 Each

Convenient digital 0-60 PSI gauge fits into the pocket of a driving suit for last minute tire pressure checks.

Arm Restraint

QRP58-020 \$32.99 Each

Designed for use in open cockpit cars, restraints keep arms contained within car. Offered in black only, restraints are sold per pair.

Sprint Torsion Arms

Part No.	Description	Price
Plain		
TXRSCSU0115	Left Front, Plain	\$56.99

Frame Stand/Dolly

TXRPA0002 \$279.99 Each

Specialized dolly is ideal when building or repairing Sprint car chassis. Plated, sturdy unit includes height adjustment feature and heavy duty casters to ease movement. Removable 1" block allows use with standard or raised rail chassis. Sold in pairs.

Aero Top Wing Trees

Plated 4130 chrome moly top wing trees include aluminum adjusters with 3/4" adjustment holes, and a total of 3" of adjustment. "X" design for lateral and horizontal strength. Trees are offered in polished or black finishes.

Part No.	Description	Price
TXRSCTW0011	Polished Top Wing Tree	\$94.99
TXRSCTW0011BLK	Black Top Wing Tree	\$94.99

Top Wing Tree

Top wing tree is made from plated 4130 chrome moly steel. Tree has 1" adjustment holes with a total of 6" of adjustment. "X" design for lateral and horizontal strength. Sold individually, adjuster pins not included. Trees are offered in polished or black finishes.

Part No.	Description	Price
TXRSCTW0002	Polished Top Wing Tree	\$79.99
TXRSCTW0002BLK	Black Top Wing Tree	\$79.99

Top Wing Posts

TXRSCTW0010 **\$22.99 Each**

Top wing post fits Vortex/FAST/Velocity Wings. Post will fit other wings, depending upon the height of the "T". This post has a 5/8" high "T". Chrome plated 4130 steel.

Nose Wing Components

Items are sold individually.

Part No.	Description	Price
TXRSCTW0020*	Nose Wing Aero Front Post, Polished Stainless Steel	\$15.99
TXRSCTW0022*	Nose Wing Front Post Clamp, Chrome Plated Steel	\$34.99

* Should be used together

Nose Wing

TXRSCNW0001 **\$119.99 Each**

Wing has center mount, large angled side boards, deep dish and heavy-duty (.090") extruded aluminum nose cap.

G3 Aluminum Body Double Adjustable Shock Absorber

GENG3SO75D **\$669.99 Each**

Aluminum bodied, double adjustable mono-tube gas shock absorber has 19-3/4" extended length, 13-1/4" compressed length and 6-1/2" stroke. Shock incorporates anodized aluminum body and is fitted with a hollow chrome moly shaft, 48mm bores and large, 75mm gas reservoirs. Completely rebuildable and revalvable, sold individually. Application: Dirt track/offset eye mount.

G1 Aluminum Body Non-Adjustable Shock Absorbers

Your Choice – **\$369.99 Each**

Mono-tube, anodized aluminum bodied gas shock absorbers utilize hollow, chrome moly shafts, 48mm bores for exceptional control, and 75mm built-on gas reservoirs. Large gas reservoirs increase the volume of gas the shock will hold, while preventing undesirable increases in rod pressure. Completely rebuildable and revalvable, shocks are sold each.

Steel Shock Coil-Over Kit

GEN3600 \$62.99 Kit

Steel shock coil-over kit, 2-1/2" springs.

GS1 Steel Body Bulb Non-Adjustable Shock Absorbers

Steel mono-tube gas shock absorbers use a non-adjustable design. Large gas reservoir increases the volume of gas the shock will hold, lowering the unwanted increase in rod pressure when the shaft is compressed. Shocks use carbo-nitrided alloy shafts and 48mm bores. Shocks are offered with or without Schrader valves. Schrader valve equipped shocks are well suited to USMTS, UMP and WISSOTA applications, while non-Schrader valve shocks are IMCA-legal.

Black Magic Extreme Electric Fans

Fan houses a 16" diameter fan and requires a surface of 21-1/2" x 17-1/2" x 4-3/16". The fan has an A/C relay and turns 2,450 RPM. Curved blades move 3,300 CFM. Thermostat is adjustable and the rigid mounting bracket does not mount through the core.

Part No.	Description	Price
FLE180	Puller With Controls	\$355.99
FLE188	Puller Without Controls	\$307.99

TransLife Transmission Oil Coolers

Transmission oil coolers can help extend transmission life considerably. Tests have shown that a 20 degree drop in oil temperature can double the life of the oil and transmission components, adding up to big savings for the vehicle owner. A transmission cooler is a must for all towing and off-road applications. All coolers include hardware and fittings.

Part No.	Application	Size	Price
